

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently and promptly, and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

After Nine Days of Hard Travel Henry of Prussia Finds Himself Again in Gotham.

New York, March 8.—Prince Henry of Prussia last evening completed his tour and is once more in New York, where he will remain until Monday, when he goes to Philadelphia. He was absent from the city for nine days, during which time his special train was within the territory of 13 states and logged a total distance of 4,358 miles. He was greatly pleased with his trip, and through his aide, Captain Von Muller, issued a statement expressing his satisfaction at the opportunity which came to him, and his gratification at the cordiality with which he was received throughout the country. His last day on the special train which carried him to the South, West and East rivaled in interest any of the others spent by the prince on the tour, for it began with a visit to Albany, included a run in bright sunlight down the west shore of the Hudson river, and closed with a reception at the United States Military Academy at West Point.

West Point was reached at 2 o'clock and the prince was received with the military honor due his place in the naval service of his country. Colonel Mills came to the station with a number of the officers of the academy, and with a troop of cavalry drove him to the parade ground on the heights above. As the cavalry escorts showed at the brow of the inclined road Knox battery fired 21 guns. The cadets formed in six companies, were at once marched on the field, and the prince, with Colonel Mills and their respective staffs, inspected them. Dress parade followed, with the prince as reviewing officer. The cadets in their handsome gray uniforms kept their lines perfectly in snow that was shoe deep, and their marching won the praise of the prince and his officers.

On the second time around the cadets moved at the double-quick, and once more their alignment was perfect. The prince saluted and his officers uncovered when the colors passed the reviewing stand. After the review the cadets were drawn up in close formation and the prince, advancing to the front of the first company, addressed them. At the close of the review the prince visited Memorial hall, where the officers on duty at the academy were introduced to him. He greeted them all very warmly and complimented them on their work.

Leaving Memorial hall the prince and his staff went to the riding school, where the cadets gave an exhibition of riding. The jumping feats of Cadet Herr of the first class attracted the attention of the prince and at his request Herr repeated a standing jump to the back of his horse in motion. The cadet landed safely on his feet and jumped off again without losing his balance. After the display of rough riding the prince was taken to the gymnasium and a class of cadets went through their exercises for him.

The parting call of the prince was at the house of Colonel Mills, whom he repeatedly congratulated and thanked. He was so much interested in the post that he prolonged his stay 20 minutes beyond the time set for his departure. Colonel Mills was invited to ride on the special to New York, and rode with the prince to the station. Upon arrival here Captain of Detectives Titus and a dozen detectives, two score patrolmen and a squad of mounted police were on hand to conduct the prince to the Waldorf-Astoria. The prince had originally intended to return to the Hohenzollern, but the discovery of a case of scarlet fever in the crew changed his mind. He did not fear infection himself, but decided in view of the fact that he is to meet a large number of persons during the four remaining days of his stay in the United States, that it would be better to go to a hotel.

Paid the Penalty.
VanBuren, Ark., March 8.—Kip Holten was hanged here yesterday. The execution was private. Holten was hanged for the murder of his wife at Lancaster last September. The crime was premeditated and was caused by jealousy. Holten also shot Justice O'Kelly of Lancaster.

Choynski Victorious.
Louisville, March 8.—Joe Choynski of Chicago defeated "Wild Bill" Hanrahan of New York in the fifth round of what was scheduled as a 25-round match before the Empire Athletic club at Music hall in this city last night.

"Fired" the Sheriff.
St. Paul, March 8.—Governor Van Sant has removed from office Phil T. Megard, sheriff of Hennepin county. It was alleged he had made fraudulent charges of fees and expense accounts against the county.

COURT MARTIAL

Maj. Waller and Lieut. Day Charged With Cruelty Toward Natives.

Washington, March 8.—Acting Secretary Darling of the navy department has received a cable message from Rear Admiral Rodgers, commanding the Asiatic station, confirming press dispatches to the effect that Major Waller and Lieutenant Day of the marine corps had been ordered before a courtmartial to meet on the 17 inst. This is the extent of the information contained in Admiral Rodgers' dispatch. It is understood, however, that the courtmartial proceedings were instituted by General Chaffee because of charges against the officers named; that they were unnecessarily severe and brutal in their treatment of certain natives in their memorable march across the island of Samar.

Congressional.

Washington, March 8.—The diplomatic and consular appropriation bill was passed and the senate yesterday took up the measure for the protection of the president of the United States. The senate agreed to make the bill unfinished business at the conclusion of consideration of the ship subsidy bill. The bill to classify the rural free delivery service and to place the carriers under the contract system held the floor in the house. By an amicable arrangement general debate will be concluded today and the bill will be considered under the five-minute rule Monday.

After Custom Swindlers.

Chicago, March 8.—In an effort to recover \$100,000 which is said to have been diverted from the United States treasury by silk frauds in New York custom house a year ago, W. Wickham Smith, United States special attorney, took evidence yesterday among federal officials here and the wholesale drygoods houses. He has already conducted inquiries along the same line in New York.

Regular Gold Mine.

Carbondale, Ills., March 8.—An additional find of hidden money has been made at Takora in the building occupied by the saloon of the Froelich brothers, Charles and Allen. The sum last found amounts to \$8,500. This makes a total of close to \$17,000 which has been found hidden in the building since the Froelichs died.

Cuban Post Cases.

Havana, March 8.—At yesterday's hearing of the Cuban postal fraud cases counsel for Estes G. Rathbone finished their argument. The fiscal is speaking again today. The cases will then be taken under consideration by the court and a decision is expected within a week.

All For a Penny.

Sedalia, Mo., March 8.—Fire which was started by a young woman clerk who in searching the basement for a lost penny ignited some cotton rolls, destroyed Cannon's dry goods store yesterday and damaged several adjoining buildings. Total loss was \$100,000.

Woman's Terrible Death.

Winsted, Conn., March 8.—The body of Mrs. James M. Howard was found by neighbors yesterday burned to a crisp and hanging over a potato bin in the cellar of her home. The woodwork upon which the body was hanging was not burned. The coroner is investigating.

A Question of Title.

La Porte, Ind., March 8.—The Mak-sawba club of Chicago, by buying tax titles years ago, obtained 600 acres of marsh land in this county. The original owners now seek to recover the ground, as it has been drained and become valuable.

Conditions Had Changed Since This Case Got In to Court.

INJUNCTION DISSOLVED

Judge Baker in the Federal Court Makes Important Ruling in the Lac La Belle Case.

Defendants Had Submitted to Service in Michigan and Status of Case Was Altered.

LaPorte, Ind., March 8.—Judge Baker, of the Federal court, has dissolved the injunction granted Timothy Nestor in a suit against E. H. Scott, E. F. Michael and W. A. Martin, directors of the Lac La Belle company of LaPorte, to compel an accounting. Nestor alleged he made a contract with the company by which he became jointly interested in the sale of 100,000 acres of land near Marquette, Mich., for \$212,000 to the Barry Bros. company of Detroit. He alleged the company had received profits from which about \$30,000 was withheld from him. He charged that the company has removed its principal office from Michigan to LaPorte. Assets of the company were \$150,000 and the restraining order was issued to prevent the disposal of the property until the merits of Nestor's claim might be determined. Judge Baker found that conditions had changed since the filing of the petition and that the defendants had submitted to service in Michigan.

YOUTHFUL BOYCOTTERS

Seeleyville Children Put the Pressure on School Teachers.

Terre Haute, Ind., March 8.—The miners at Seeleyville, 50 of whose children boycotted the public school because three of the teachers were riding on the boycotted interurban cars, have not consented to return their children to school without some concession on the part of the teachers.

At a meeting of the Miners' union the school principal read the law providing for compulsory education and imposing a fine on parents that did not send their children to school. The school trustee produced the contract with the teachers to show that he could not compel them to refrain from riding on the cars, but still the miners held out for the boycott. Principal Melghean has now promised that he will discontinue riding on the cars, and will use his influence with the two women teachers who have used the interurban line.

A Model Saloon.

Fort Wayne, Ind., March 8.—John Langard, one of the wealthy men of the city, is dead at the age of 43 years. He was a saloon keeper with ideas of his own as to how his place should be run. He allowed no disreputable character around and closed the doors at 9:30 every night. The saloon was never open on Sunday. It was his ambition to show that a saloon could be run as orderly as any other business. He was a power in politics, but never sought office.

POLITICAL GOSSIP

Some of the Things Which Attract Attention Just Now.

Indianapolis. March 8.—A story was afloat here today to the effect that the candidacy of James Bingham of Muncie for the Republican nomination for attorney general is backed by the George F. McCulloch-J. Frank Hanly combination that was beaten by Albert J. Beveridge in the race for United States senator. It created much talk, whether or not it is true. It was given a color of truth because of Bingham being here several times with Senator Walter A. Ball before he announced himself, and also because Bingham was in Lafayette yesterday for the purpose of conferring with Hanly. When he returned last night he met McCulloch, it is said, at the Columbia club. These movements were regarded as significant by those who had the tip. Many said it would not be surprising if the old McCulloch-Hanly crowd should have a candidate, but no one seemed ready with a reason why they should wait until this late hour to bring out Bingham. Many have a lurking suspicion that there is some subtle motive behind the move—that it may be for the purpose of beating some other candidate. Friends of Bingham say, however, that he is sincere and that he will make a surprising showing. His entrance into the race has stirred up the other candidates, who have buckled on their fighting harness more tightly. Charles W. Miller of Goshen is a ill regarded as the leading candidate, but it looks as if it is anybody's race at this time.

Half Century Without a Doctor.
Versailles, Ind., March 8.—Mrs. Mary Richmond, 71 years old, was found dead in bed. Owing to her apparently perfect health no physician attended her for 50 years. The death, however, is attributed to heart disease.

Jackson Township Republicans.

Pursuant to the call issued by the Republican Central Committee of Jackson County the republicans of Jackson township will meet in mass convention at the city building in Seymour, Saturday March 15, at 1:30 p. m. to elect five delegates, and five alternates to the republican state convention. C. D. BILLINGS, township chairman. H. C. DANNETTELL, secretary.

PRINCE HENRY said in one of his Boston speeches: "The United States has been closely watched from the other side during the last year. We are aware of the marvelous industry which has brought your country to its position." The party of prosperity has a right to feel gratified by the remark. Its policies may be judged by comparing the present industrial situation with that of six years ago.—Globe Democrat.

THERE is a probability that Prosecutor Hudson will have opposition for a second nomination. His first term of court in Jackson county as prosecutor created no enthusiasm in his behalf that any one has reported. Then his change of mind about the appointment of deputies has left some sore spots. The prospects are mighty good for one or two aspiring democrats of Jackson county to contest with Sim Hudson for the nomination.

PARKS MARTIN conferred with a few of the democratic brethren of Jackson county Friday before and after his meeting with the assessors. Parks made a record as chairman of the democratic state committee. The republican majority in the state kept getting bigger as long as he was leading the democratic hosts. Governor Mount felt kindly towards him and made him a member of the state tax board to succeed Judge Buskirk.

Wants \$1000 Damages.

Frederick Malone of Knox county has begun suit for \$1000 damages against the Baltimore & Ohio Southwestern railway, by his attorneys, Cullop & Shaw. In his complaint, the plaintiff says that on March 5, 1902, he was a passenger on a train on said railroad from Washington to Vincennes and rode on a paid ticket. Instead of getting off at Washington the train carried him on into Lawrence county and there at a place other than a station, objected and put him off said train, compelling him to walk back to Vincennes.

Henry Bobb, the bustling farmer and trader, has sold fourteen head of horses and mules within the past thirty days and he has more than that many left. Mr. Bobb is taking advantage of this republican prosperity and keeps business moving.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

ILLEGAL SALE ALLEGED.

Suit Brought by Louis Schneck to Set Aside Sale of Glen Helen Park.

Smiley N. Chambers, former district attorney of Indiana, arrived in New Albany last evening from Indianapolis, accompanied by Louis Schneck, of Seymour, Ind. Mr. Chambers has been retained by Mr. Schneck to file a proceeding to set aside the sale of Glen Helen Park, located at Sellersburg, nine miles out on the Pennsylvania railroad, which Mr. Schneck purchased March 1 from F. J. Brock, trustee of John A. Eisman, a bankrupt. The first proceeding will be before Referee L. B. Huckleby in New Albany.

Mr. Schneck claims that in purchasing Glen Helen Park, which is composed of eighty-three acres, paying therefor \$3,650, it was represented to be free from incumbrances. Since the sale, he asserts, he has learned that the trustee had only the right to sell a two-thirds interest and that the property was incumbered by a school fund mortgage of \$1,500 and judgment liens of \$800. He makes the additional claim that Brock had no right to sell the land, as the title was in Trustee Bert Lutz, under Eisman's assignment under the State law. Creditors subsequently forced Eisman into bankruptcy, but the land title remained unchanged.

CIRCULARS TO ASSESSORS.

State Statistician is After Better Agricultural Statistics.

State Statistician Johnson is preparing a circular letter to be sent to all the county assessors in Indiana, which he hopes will have a tendency to cause some of the rather careless township assessors to be more careful and observant of the law, in gathering agricultural statistics, along with their duties as taxing officers.

The department of statistics has a blank for the use of the township assessors on which they are by law required to get complete statistics for the department on agriculture and stock raising. The blank contains a list of thirty-one questions, which, if properly filled out by the township assessors, Mr. Johnson says, will enable the department to give an accurate report of the amount of cereals sown and the stock raised in each county. But the trouble is, Mr. Johnson says, that some of the township assessors disregard this feature of their work and the department is not able to make its reports on agriculture and stock perfectly accurate.

There is a law providing that any county or township officer who refuses to gather these statistics will be subject to a fine of not more than \$500 and not less than \$10. Mr. Johnson says he hopes to correct this trouble largely by the circular he is sending to the county assessors, who will instruct their township officers to carefully fill out the blanks furnished by the department of statistics.

Circuit Court.

Court adjourned for the term this morning. The allowance for the term were \$807.70 of which \$375.30 will be returned to the county on change of venue suits. A judgement for \$681.60 was rendered in the case of Rolph Applewhite vs. Wm. A. Clayton on note. The jury returned a verdict last night for the defendant in the case of McCormick Harvesting Machine Co. vs. George W. Phegley.

After Foreign Corporations.

Secretary of State Union B. Hunt is sending out letters to the different prosecuting attorneys of the State asking them for a list of foreign corporations doing business in their counties. Mr. Hunt says there have been but few of these foreign corporations that have complied with the law regarding such companies. Neither the tobacco trust nor the whiskey trust has complied with the law.

AN OVERWORKED PHRASE.

The Expression "He Took His Life In His Hands."

"The expression he took his life in his hands" always struck me as being very foolish," said a bright young gentleman, "and I have often wondered why so many persons persist in using it when they want to speak of extraordinary dangers. Now, extraordinary danger is one thing and the simple, commonplace thing of taking one's own life in one's hands is an entirely different thing."

"I work in a big building. There are a steam engine and a mammoth boiler in the basement. Whenever I enter that building, if they are running the engine in the basement, I take my life in my hands. I get on the elevator on the fifth floor; I take my life in my hands. I go out of town; the car may tumble over a trestle somewhere. I walk along the street; a sign may fall on me. I make my way across the thoroughfare; who knows but what a street car or a vehicle of some sort may not run me down? I cross the river; may I not suddenly find myself in the swirling stream and sinking for the last time? If I walk along the street, may not a brick or a loosened cornice come crashing down upon me? There are a row and a shot or two on the corner; may not a stray bullet wing me? And so on.

"Pessimism? No. Logic. That's all. It just shows the difference between taking one's own life in one's hand and the matter of confronting extraordinary danger. These risks are ordinary, plain, old, everyday risks. The fireman who dashes into a burning building to rescue a child, the fellow who grabs the bridle of a runaway horse, the hero who will plunge into the river to save some person who is about to drown—these are the persons who confront what I would call extraordinary dangers, and the worn platitude of saying of one of these 'he took his life in his hands' would not fit the case because there would be in the act an element of heroism which would place it much above the commonplace."—New Orleans Times-Democrat.

Birds Are Like Human Beings.

Canaries, like human beings, vary very much in character, some cocks being indifferent and idle that they will let the hen do all the work of building and rearing, while they themselves sit and plume their feathers. Others, again, are perfect gentlemen in their manner, waiting on the hen with a quiet courtesy and seeing that all she requires is at once brought to her. Again, the hens vary in disposition, some being behaving in a quiet, modest way, attending to their young ones with regularity, while others are in a constant state of chatter with their husbands, pecking and arguing with them every time they go near. Thus we see that these little birds have their tiffs and domestic quarrels, not unlike ourselves.—Chambers' Journal.

To Cure the Stammerer.

It is said that stammerers rarely if ever show any impediment of speech when speaking in whispers. On this fact a method of treatment has been advocated, which is as follows: For the first ten days speaking is prohibited. This will allow rest to the voice and constitutes the preliminary stage of treatment. During the next ten days speaking is permissible in the whispering voice, and in the course of the next fifteen days the ordinary conversational tone may be gradually employed.

Reach an Agreement.

The promoters of the Indianapolis Southern railroad and the Indianapolis authorities have about reached an agreement and it is probable that a contract will be signed within a few days. The conditions of entrance into Indianapolis relate to the time when work on the road shall begin, when completed, elevation of tracks, rate for hauling coal and numerous other things. The promoters of the road have been negotiating with Indianapolis authorities for a long time.

Card of Thanks.

I desire to extend my sincere thanks to my neighbors and friends for their many acts of kindness and words of sympathy during the sickness and after the death of my husband, Hugo Fox, and assure them that they will never be forgotten. Special mention is due the Methodist choir and Rev. J. M. Baxter, who assisted at the funeral.

MRS. MARY FOX.

Talked to the Assessors.

Parks Martin, the democratic member of the state tax board, had a meeting with the county and township assessors of Jackson at Brownstown Friday. Three of the township assessors were not present. Mr. Martin talked to them about the valuation of property for assessment purposes, and urged uniformity of assessment.

After the Midland.

A special from Brazil says that President John R. Walsh, of the Southern Indiana, went over the Chicago & Southeastern Thursday with President Harry Crawford, of the latter road, on a tour of inspection. It was reported the other day that Mr. Walsh had bought the Chicago & Southeastern.

Had Money and Friends.

The jury in the Henry Huddleston murder case at Brownstown bought in a verdict of acquittal after deliberating for over two days. The verdict is but another evidence of how easy it is to commit a great crime and escape punishment. The murdered man was without money or friends, while Huddleston had both.—Salem Leader.

The Peruna Medicine Co., Columbus, O.: Gentlemen—"For the past few years I have tried several kinds of medicines when I was feeling badly, but I am free to admit that I never found anything to equal Peruna.

"Last fall I contracted a severe cold which seemed to settle in my joints and made me very uncomfortable for a couple of weeks, until I tried Peruna. Before a week was passed the soreness was gone and before I had used two bottles I was completely restored."

Yours very truly,
J. Wilson Gaire.

Conspicuous among women who have attained success in the business world is Miss Ida Harned, a clever insurance writer.

A recent letter from Miss Harned to The Peruna Medicine Co., of Columbus, O., reads as follows:

CHICAGO, ILL.,
607 CHAMPLAIN BUILDING.

The Peruna Medicine Co., Columbus, O.: Gentlemen—"As a tonic I find your Peruna an excellent medicine to build up and restore the nervous system. My work is out doors and traveling to a great extent, and during inclement weather I especially value it as a preventative against colds, and as a cathartic treatment it is unexcelled. It is with much pleasure I give Peruna my hearty endorsement."

Yours truly,
Ida Harned.

Barbara Albery, corner Seventh and Walnut streets, Appleton, Wis., writes as follows in regard to Peruna:

"For years I have suffered with back-ache and severe pains in the side. I doctored so much that I became discouraged.

"A school friend told me how very much Peruna had benefited her and I sent out for a bottle, which did more to relieve me than all the other medicine I had ever taken.

"I used it faithfully for two weeks and it completely cured me. I have not had any pains since, anywhere, but feel like a new woman. I am truly thankful for what Peruna has done for me."

Yours very truly,
Barbara Albery.

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties. Send for free catarrh book. Address Dr. Hartman, Columbus, Ohio.

Do It At Once.

All who are interested in a Book-keeping or Shorthand education should send for the catalogues of Schwartz school, 224 and Jefferson Sts., Louisville, Ky., at once. The summer session will be held at Seymour this year. The leading book-keeping system of the world will be taught by the author, and certificates will be granted to all who complete the course. The school board has so generously granted the use of the school building; hence, the rates will be very low. If you want a business education, you can save at least \$20 by staying at home and taking this course, which is the best and most widely taught in the world.

Telephone Troubles.

The parties who are constructing a long distance telephone line from Seymour to Louisville are not out of trouble yet. They have finally abandoned the Uniontown route and have decided to go by the way of Dudleytown. At least that is the report and besides workmen are engaged in taking up poles that were placed several days ago. Their difficulty was getting the right-of-way from farmers according to their terms. It remains to be seen whether they will find the farmers easier along the Dudleytown route.

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous, druggist.

Kodol

Digests what you Eat

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digests. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Orleans, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use **DeWitt's Witch Hazel SALVE**. Beware of counterfeits.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theodor's Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

WILL SEINE THE LAKES.

Fish Commissioner's War on Turtles, Carp and Garfish.

Hon. Z. T. Sweeney, State fish and game commissioner, has been advised by the Attorney-General that he has authority to use a seine to destroy mud turtles, garfish and possibly carp. The law prevents the use of seines, but the law also makes it the duty of the fish commissioner to preserve the fish of the streams. The fish commissioner and the Attorney-General both say that mud turtles crawl along the bottoms of lakes during the spawning season of fish and suck up all the eggs. They also say that gars are unfit for food and kill other fish, while carp stir up the mud and creates conditions that drives away such fish as bass.

Under the advice of the Attorney-General the fish commissioner intends to authorize the seining of lakes. He will have a deputy present to see that all good fish are put back in the water. The Monon railroad desires to have Cedar lake seined to get rid of mud turtles. It is proposed to use an immense seine, say 1,000 feet long, and deep enough to reach the bottom.

Recently Deputy Fish Commissioner Earle seined a lake near Princeton, Gibson county, three miles long and between a quarter and a half of a mile wide. He reported that he found almost enough mud turtles and enemies of good fish to fill a big room.

How to Push Flour.

We have had a number of inquiries recently in regard to the best method for a grocer, or feed store, to place their flour on the market. It is an exceedingly hard proposition to cover such a question in a general way, as different localities in different states require a different presentation of the case. In some states a Minneapolis patent is demanded. In other states a winter wheat flour is preferred. Hence we can only treat the matter abstractly on the broad basis of pushing whatever flour the dealer has in hand to the attention of the consumer, just the same as any energetic merchant would handle goods. But in the first place, we consider it a great mistake for a local merchant to attempt to present his own brand of flour to the public. A brand of flour as it is now understood, means the brand of the mill and when a local merchant assumes to put a brand on the flour, some name of his own, he assumes every quality of that flour and guarantees every bag, and after all, he really does not have any right to use the brand as his own, because he is not a manufacturer.

A responsible mill concern putting up flour under their own brand is compelled to maintain the grade of its flour, even at a temporary loss or else go out of business. We recommend to the grocer to tie to some well known mill whose flour is unquestioned in purity, and advertise his flour locally. Legitimate local advertising, push and the use of a pair of bustling legs with clean, honest and well established brand of flour to work for, will bring success to any dealer in any state in the Union.—Flour and Feed.

The Spring Dress Goods.

The subject of clothes is never so interesting as when the dainty Spring and Summer fabrics fill the shops. To anticipate in matters of dress is always difficult, as Fashion is inclined to be whimsical. The Delineator, however, is singularly successful in this respect, as is indicated in the April number. The dress fabrics which will become most popular are illustrated, and all the latest innovations in weaves and colorings are dwelt upon. In trimmings, Swiss and bariste embroideries will meet with great favor on Summer gowns, and the beauty of foulards, light clothes, etc., will be enhanced through the vast assortments of laces and appliques.

A FRIEND'S ADVICE.

Will Often Help You Greatly. Read What a Seymour Citizen Says

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Seymour is worth such proof as this. Then the evidence must be conclusive. Read the following:

Mr. Harrison Dowell of 120 Jeffersonville avenue, gate keeper for the P. R. R. says: "I did not use many Doan's Kidney Pills myself but they proved very efficacious. My wife and I procured them at C. W. Milhous' drug store and in addition to our experience which warrants us in recommending them. I know of acquaintances who have used them with the best of results. We always keep them in the house for they proved a reliable remedy for the back, bladder or kidneys."

FAVORABLE CONDITIONS

All Signs Point to Extension of Legitimate Industry.

New York, March 8.—Bragg's weekly review of trade today says: Spring trade increases despite serious interruptions in the section adjacent to the Alleghenies caused by floods, snowstorms, interrupted telegraphic and mail facilities and crippled railroads. Western and Northwestern advances are of course relatively the best received and here dry goods, millinery, clothing and kindred lines of spring goods are most active. At leading Eastern markets textiles have felt the quickening of demand, and prices have strengthened in many lines. The strength of textiles generally, but of cotton and cotton goods particularly, is in fact second only to the strength displayed in iron and steel. All available measures of mid-winter trade point to exceptional activity despite unfavorable weather conditions. February clearings as a whole, notwithstanding reductions at the metropolis, due to dullness in speculation, are slightly larger than a year ago. Failures are no more numerous, but a few large bank suspensions, due to mismanagement, or worse, have swelled liabilities a quarter above a year ago. Prices have felt the quickening influences in a slight increase in strength of textiles, dairy products among provisions, livestock, coal and coke and building materials. All signs in fact favor the indication that legitimate trade and industry is, except in a few instances, considerably more active than a year ago at this time.

Cruel Murder Charged.

Grand Rapids, Mich., March 8.—Latest developments in the investigation into the death of Mrs. Ada Klump, the young wife of William Klump of Lowell, point to one of the most cold-blooded murders Michigan has ever known. After a diligent inquiry into the circumstances of the case Sheriff Chapman yesterday afternoon took William Klump into custody and last evening lodged him in jail here. The officers express the belief that Klump either sent poisonous headache powders through the mail himself or knew who did send them and that the main object was the removal of Mrs. Klump. It is said Klump was infatuated with another woman.

An Important Order.

Washington, March 8.—At the cabinet meeting yesterday President Roosevelt requested the members not to talk to newspaper correspondents about matters under discussion at the semi-weekly meetings. It was thought best for the president himself to make public such matters as he deemed proper to be given out. Hereafter the president will do this.

Black Mirrors.

Crystal gazing is still popular, but the very latest thing in use is a black mirror, in which the sibyls say they can see many things. These little black mirrors come from India, where a spot of ink has always been a favorite vehicle for divination. The native boy who has "the second sight" is told to look fixedly at a spot of ink, which is poured into his hand. The black mirror is said to be every bit as good as the ink, and it is certainly more cleanly. It is made of a piece of black glass set in a wooden frame and is small enough to be held inside the hand.—London Chronicle.

A Suspicious Case.

Greene—Do you suppose Ketchum is honest, or has he designs on me, do you think?

Brown—Why, what has he been doing now?

Greene—He borrowed an umbrella at my house last night, and he returned it the first thing this morning. It looks suspicious, don't you think?—Boston Transcript.

An Obliging Husband.

"Why do you offer such a large reward for the return of that ugly dog?" "To please my wife."

"But such a reward is sure to bring him back."

"No, it won't. He's dead."—San Francisco Chronicle.

More Interesting.

"Were you interested in that account of the Washington man who suddenly disappeared?"

"Well, I'd have been more interested in an account of a man who gradually disappeared."—New York World.

Both Sides.

Johnnie—What does it mean by "seeing the humorous and the serious side of things?"

Father—Well, my son, take a bit of orange peel, for example. How many sides has it?

Johnnie—Why, two, of course.

Father—Exactly. And when some other man steps on that orange peel he sees the serious side of it and you see the humorous side.—London Tit-Bits.

The cheerful man is one who practices the art of having things as he would have them.—National Magazine.

La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says E. L. Hewitt, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe. Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by C. W. Milhous, druggist."

RAIL WAS BROKEN

Fast Train Goes Into Ditch and Thirteen Lives Pay Forfeit.

BODIES ARE CREMATED

Flames Add to the Horror of a Frightful Wreck Which Occurs On Southern Pacific.

Thirteen People Were Killed outright and Twenty-Eight Were Badly Injured.

San Antonio, Tex., March 8.—A broken rail caused a frightful wreck on the Southern Pacific railroad near Maxon Station, 25 miles west of San Antonio, yesterday in which 13 people were killed outright and 28 were more or less injured.

The dead: Three children of Mart Riddle of Cetopa, Kan.; Estavon Contreras, Del Rio, Tex.; Andrew C. Shelley, wife and child, Lohr, Tex.; child of D. E. Housen, Racine, Wis.; Mr. and Mrs. White, Manitowoc, Wis.; Engineer A. L. Mast, El Paso, Tex.; Fireman H. Bertscholtz, El Paso, Tex.; L. A. Boone, news agent, Doyle, Ia.

At the time the accident occurred the ill-fated train was running at a high rate of speed in order to make up time. The road at the point where the wreck occurred is in a rough country, the curves being sharp and the grades heavy. It was when rounding a curve that the train left the track, it is said, on account of a broken rail.

The train was going at such a rate of speed that the tender and engine landed 75 feet from where they left the rails. The cars behind piled up against the engine, caught fire and all were consumed except the sleepers. A private car owned by Thomas Ryan of Bay City, Mich., with his family aboard, was attached to the rear of the train, but it was pulled away before the fire reached it and no one in it was injured. All the injured in the coaches just behind the express and baggage cars were cremated. The people in the sleepers were saved with the assistance of the uninjured passengers.

The wrecked train was the Galveston, Harrisburg and San Antonio west-bound passenger No. 9 and consisted of an engine, mail car, baggage car, one coach, one chair car, three tourist sleepers, one Pullman sleeper and one private car. The mail car, the baggage car and coaches were piled together against the engine and were ablaze in a few seconds. It was impossible to move any of the coaches or the tourist cars, as they were all off the rails and they were soon consumed by the flames. So soon as it was possible to get in communication with the division headquarters relief trains with surgeons and physicians were started from El Paso, Del Rio and San Antonio, picking up along the line all the surgeons that could be found. All of the injured who were in a condition to be moved were sent to El Paso, where they are receiving careful attention.

SENTENCE COMMUTED

Kruitinger Not Shot But Banished for Life.

Berlin, March 8.—Extra editions of the newspapers here publish a report that Commandant Kruitinger, who

was captured by General French in December last, was, after being tried by court martial, condemned to death, but that his sentence was commuted to banishment for life.

They Had Planned It.

Constantinople, March 8.—Since the liberation of Miss Ellen M. Stone, the American missionary, numerous revolutionary bands have crossed from Bulgaria into Turkish territory, taking advantage of the temporary withdrawal of troops from the frontier. This was evidently planned by the Macedonian committee, and although no immediate danger is feared, such crossing the frontier may result in conflicts with the Ottoman forces.

Decatur Loses Its Records.

Decatur, Ind., March 8.—Fire last evening destroyed the city hall and its records, Burbridge's barber shop, Baine's meat market and Conehead's saloon. The fire started in the city building and the fire apparatus and all but one line of hose was destroyed.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

PERIODS OF PAIN.

Miss Gertrude Williams, Chaplain of Woman's Christian Association of Detroit, and Two Other Women,

Tell How Lydia E. Pinkham's Vegetable Compound Cures Periodic Suffering.

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

MISS GERTRUDE WILLIAMS.

"DEAR MRS. PINKHAM:—and dear friend, for such your medicine has proved to me; 'a friend in need is a friend indeed.' For several years I suffered from Menorrhagia, or profuse and painful menstruation, until my vitality was well nigh gone, and as a last resort I took six bottles of Lydia E. Pinkham's Vegetable Compound and was restored to health, to the surprise of my friends, and I now sing its praises. Gratefully yours, Miss GERTRUDE WILLIAMS, 75 Columbia St., West Detroit, Mich."

Two More Sufferers Relieved.

"DEAR MRS. PINKHAM:—I had been a sufferer of suppression of the menses from girlhood, always appearing after time and causing great pain compelling me to keep my bed. I tried a number of doctors but without relief. Having read so many testimonials about the good Lydia E. Pinkham's Vegetable Compound had done, I decided to try it. After using only one bottle I felt much better. I continued its use and the health and strength that I have to-day I feel I owe to you."—Mrs. CHAS. B. GILL, 1012 Winter St., Philadelphia, Pa.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling inflammation, ulceration of the uterus, ovarian troubles, that "leaving-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

\$5000

REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
